Verifications - Education

Program	Residency - Completed
Institution	University of New Mexico
Verified	No

Program	Medical School - Completed
Institution	University of New Mexico
Verified	No

Anything that has "Verifications –" are all the verifications we need to make a complete file to send to the Medical Staff Office to review and prepare for Credentials Committee. Please pay attention to the "Type" and "Verified" areas. The type indicates what type of item it is (i.e. Peer Reference, Hospital Affiliation, Insurance Claims history, etc.) The Verified is an indicator that the item has been received by the CVO and Verified. You will either see "Yes" or "No" in this area.
